

TRAVEL NIGHT

GALAPAGOS Islands

When: ***Monday, May 27, 2019***
7:00 p.m.

Where: ***Bandon Public Library***
Sprague Room

John and Helen Lawrence will talk about the ability of all people interested in traveling to the Galapagos for a once-in-a-lifetime adventure as well as all the particulars of getting there, staying there, and the unforgettable adventures they can have while staying on several Islands and not on a tour boat or cruise ship.

They will share their experiences of volunteerism, home stays, adventures on land and below the ocean waters as well as their continuing efforts to restore and preserve the islands to their balance of wilderness during Darwin's documented visits to this magical and remote archipelago.

Everyone is welcome, there is no cost to attend, and refreshments will be served.
